

The FedEx Distinguished Speaker Series

Business and Technology: a 21st Century Approach to the Fight Against Poverty

Rey Ramsey

Chief Executive Officer,
One Economy Corporation

Rey Ramsey is chief executive officer of One Economy Corporation. Co-founded by Mr. Ramsey in 2000, One Economy Corporation leverages the power of technology and information to connect low-income people to the economic mainstream by bringing broadband into their homes, producing public-purpose media, and training and employing youth to enhance communities' technological capacity. Learn more at www.one-economy.com.

Mr. Ramsey led the organization's growth from four employees working in a basement to a global organization that has taken root on four continents. Since 2000, One Economy has helped bring broadband access into the homes of over 300,000 low-income Americans. More than 15 million people have visited One Economy's multilingual web properties and hundreds of youth have delivered nearly 50,000 hours of service to their communities.

BUSINESS &
PUBLIC POLICY

FedEx is a proud sponsor of the Center for Business and Public Policy, a non-partisan research center housed at Georgetown University's McDonough School of Business. The Center was created in 2001 to foster dialog and debate on a range of business and policy issues, including those affecting regulatory frameworks and international business.
